PROCLAMATION

Carbon Monoxide Awareness Week

WHEREAS: The City of Brampton is committed to ensuring the safety and security of all those living in and visiting our City.

Carbon monoxide, or “CO,” is an odourless, colourless, poisonous gas that can be deadly. Brampton Fire and Emergency Services urges you to protect your family from the dangers of carbon monoxide.

Ensure you have working carbon monoxide alarms installed near all sleeping areas and remember to test them monthly. Replace the batteries yearly and check the expiration date on the alarms, as they do expire.

Make sure to have all fuel-burning appliances inspected annually by a certified technician.

By understanding the dangers of carbon monoxide and taking these simple precautions, you can help save lives and make the city safer.

THEREFORE: I, Mayor Patrick Brown, on behalf of Brampton City Council, do hereby proclaim November 1-7, 2024 as “Carbon Monoxide Awareness Week” in the City of Brampton.

Mayor Patrick Brown, City of Brampton
