# The Advance Brampton Fund

The City recognizes the unique and valuable role that the non-profit sector can play in delivering projects that meet community need, complement City services and contribute to advancing City Priorities.

As such the city is pleased to offer the Advance Brampton Fund: a community granting program that supports non-profit sector development and provides municipal funding to eligible Brampton-based non profit or charitable organizations for strong project proposals that align with these priorities.

In 2025 the City Priority Areas that ABF will address are:

- Arts and Culture
- Recreation
- Community Safety

## **Structured to Support Project Growth**

The Advance Brampton Fund is structured to support non-profit organizations starting up, developing and amplifying projects. The goal is to encourage grantees to move towards project sustainability and a strengthened ability to partner, collaborate and lead well managed and meaningful work within the local non-profit sector and Brampton community. The fund does not make multi-year grants, but organizations can apply annually with the same project.

2. Organizational Information – In this section there are a few mandatory questions and a few optional questions. None are scored by reviewers, but they do play a role in informing reviewers of your organization’s work and history. They also help the City plan and gather data that helps to advance and foster a commitment to diversity, equity and inclusion.
3. Strategic Alignment – Here you will select you the Priority Area to which you are applying, the project type and select the outputs and outcomes you will measure. These questions are all mandatory, you must select at least one outcome, and you must measure at least one output. If you are not measuring an output, please use a zero (0) to indicate this. If you measure one output your score will not be hurt by zeros in other output measure fields. This part of the application informs the score reviewers provide in the Project Alignment section of the next stage of review.
4. Project Evaluation – This is the part of your application where you will tell us about your project. All the questions in this part of the application are mandatory and scored by reviewers.
