

# NOTICE OF CONSTRUCTION

## TRAIL PROTECTION PROJECT

### CARABRAM PARK - EAGLERIDGE DRIVE

**Start Date:** Winter 2024

**Completion Date:** Spring 2025

*\*Timeline is subject to change*

The City of Brampton has engaged Toronto and Region Conservation Authority (TRCA) to implement erosion control and slope stabilization work within Carabram Park, along West Humber Trail.

The project will address ongoing erosion concerns in the area highlighted on the map by constructing bank remediation measures to stabilize the channel slope and prevent further encroachment on the park trail.

Construction access from the Andes Crt. and Eagleridge Dr. park entrance may result in minor traffic delays and temporary closures for the duration of the project.

#### Construction Related Information:

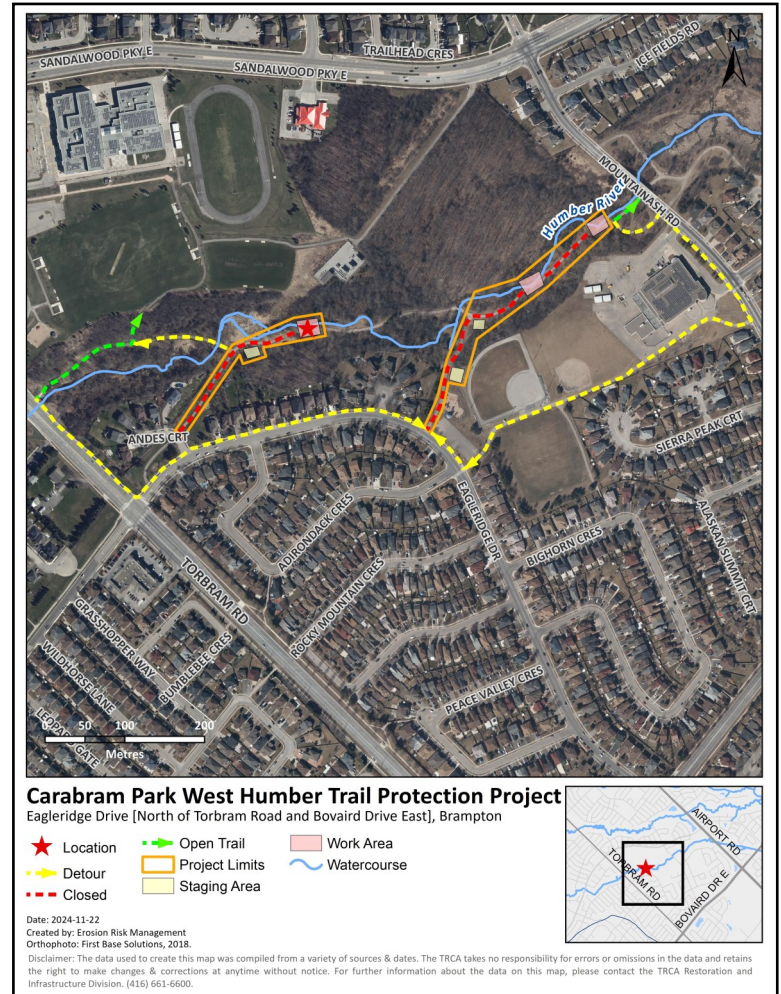

**Notice:** For your safety, please respect all signage. Stay clear of the work area and construction equipment

**Closure:** The area within Carabram Park project limits will be closed for the duration of the construction activities

**Detour:** Please use the detour along Eagleridge Dr., Torbram Rd. and Mountainash Rd. during construction
